PROFESSIONAL SUMMARY

Detail-oriented and highly skilled Full-Stack Developer with over 3 years of experience building responsive and scalable web applications. Proficient in modern front-end and back-end technologies, specializing in JavaScript frameworks, CSS libraries, and server-side development. Passionate about solving problems, optimizing performance, and delivering exceptional user experiences.

TECHNICAL SKILLS

Front-End Technologies: JavaScript (ES6+), React.js, CSS3, TailwindCSS, Bootstrap

Back-End Technologies: Node.js, Express.js, PHP

Databases: MongoDB, MySQL

Other Tools and Skills: Git, RESTful APIs, JSON, AJAX, Webpack and Vite

PROFESSIONAL EXPERIENCE

Full-Stack Developer

Norak Technologies Limited- Lagos, Nigeria

[Aug/2023] - Present

- Developed and maintained responsive web applications using React.js, TailwindCSS, and Bootstrap.

- Built and managed robust APIs using Node.js and Express.js, ensuring seamless communication between front-end and back-end.

- Designed and optimized database schemas in MongoDB and MySQL to improve query performance.

- Collaborated with cross-functional teams to gather requirements and deliver solutions on time.

- Integrated third-party services and tools to enhance application functionality and scalability.

Key Achievements:

- Reduced application load time by 25% through optimized code and asset management.

- Delivered a full-stack project ahead of schedule, improving user satisfaction by 30%.

- Add Features to several Modules on Norakle Software

Web Developer (Intern)

Norak Technologies Limited- Lagos, Nigeria

June/2019 - Dec/2019

- Assisted in building dynamic user interfaces using Html, Css and Bootstrap.

- Implemented CRUD functionalities and server-side rendering in PHP with MySQL.

- Debugged and resolved front-end and back-end issues to ensure smooth application performance.

- Participated in daily scrum meetings and contributed ideas to streamline the development process.

EDUCATION

Bachelor of Technology in Computer Science

Ladoke Akintola University of Technology Ogbomosho Oyo, Nigeria

Jan/2015 - July/2021

Relevant Coursework: Web Development, Database Management, Software Engineering

PROJECTS

Real-Estate Application

- Designed a real-estate web application using Node.js, Express.js, React.js, SASS, and WebSocket to facilitate instant communication among users.
- Developed features to showcase property listings and enable seamless interactions between buyers and sellers.
- Styled the interface with SASS to deliver an engaging and interactive user experience.

Bus Booking Web Application

- Designed a comprehensive bus booking web application using Node.js, Express.js, React.js, SASS, and WebSocket, enabling users to seamlessly book bus tickets.
- Developed a ticket generation feature with QR codes for secure and hassle-free boarding.
- Styled the interface with SASS to deliver an intuitive, user-friendly, and visually appealing experience.

Multi-Level Marketing Application

- Designed a multi-level marketing web application using HTML, CSS, Bootstrap, and PHP.
- Enabled users to earn rewards through a referral system and purchases, including airtime and cable TV subscriptions.
- Implemented a user-friendly interface to enhance engagement and ease of use.

Portfolio Website

- Developed a personal portfolio using React.js and TailwindCSS to showcase projects and skills.
